December 11, 2015 - Issue 6

Email hubmins@mathclimate.org

To submit information for

To all AGU Fall Meeting participants:

Come meet and catch up with fellow MCRNers and friends at
[Johnny Foley's Irish House](#)
243 O'Farrell Street, San Francisco
on **Tuesday, 12/15 from 7PM to 9??PM**
Contact Hans Engler or just come by!

MCRN Colloquium Webinar

The next speaker is **Henk Dijkstra** (University of Utrecht, Holland) on Friday, January 15th, 2016, 9:30am EST.

Following colloquium webinars will likely be on Mondays, alternating between 10am EST and 4pm EST (to facilitate participation across time zones). These times are based on the responses of last week's [Doodle Poll](#). If interested, the poll is still open for you to indicate your availability (in a typical week).

In case you missed it...

Last week's MCRN Colloquium Webinar:

Rachel Kuske's talk: [New averaging results motivated by climate models: fat tails, oscillations, and tipping](#)

A sincere thank you to all the 2015 MCRN colloquium speakers: Chris Jones (Chapel Hill, NC), Luke Bennetts (Adelaide, Australia), Jonah Bloch-Johnson (Chicago) and Rachel Kuske (Vancouver)!

to submit information for distribution to MCRN members.

Upcoming Event

Joint Mathematics Meetings - Please email mromeo@renci.org if you are attending the JMM in Seattle this year!
