

MCRN Newsletter

May 26, 2016 - Issue 19

Applause

Kudos to all the 2015-2016 **MCRN Colloquium Speakers** for their engaging presentations highlighting the depth and breadth of MCRN Members' research:

[Chris Jones](#) - Math in Climate Science: Motivational talk

[Luke Bennetts](#) - Marginal ice zone: Growing in size and significance

[Jonah Bloch-Johnson](#) - Nonlinearity of global warming: New ideas

[Rachel Kuske](#) - New averaging results motivated by climate models

[Henk Dijkstra](#) - Early warning indicators in high-dimensional models

[Laura Slivinski](#) - Lagrangian data assimilation applied to Katama Bay

[Vladimir Alexeev](#) - Local and non-local mechanisms of Arctic warming

[Marc Kjerland](#) - Numerical storm surge modeling: Typhoon Haiyan

[Axel Timmermann](#) - *El Niño*: Facts, open questions and insights

[Juan Durazo](#) - Extreme ionospheric events: September 26, 2011

[Mary Silber and Karna Gowda](#) - Vegetation patterns in Horn of Africa

[Erik Van Vleek](#) - Hybrid data assimilation techniques and prairies

[Amit Apte](#) - Indian summer monsoons: Developing new models

Go to [Tags: MCRN Colloquium](#) to view all abstracts and presentations.

Shout outs

Thank you to all the [Hubmins](#) and [Research Focus Group Leaders](#) for *many* hours of dedication to move all the content from the previous site to the MCRN Hub. This would not have been possible without the *amazing teamwork* of Hubmins **Colin Grudzien**, **Karna Gowda**, **Kate Meyer**, Hubzero Liason **Erich Huebner**, Program Manager **Monica Romeo** and former Webmaster **Mark Phillips**.

More MCRN Member Transitions

[Colin Grudzien](#): Postdoc at Nansen Environmental and Remote Sensing Center, Norway

[Bevin Maultsby](#): Teaching Assistant Professor at North Carolina State

[Monica Romeo](#): Completes 3.5-year term as Program Manager of MCRN.

Notices

HUBzero Courses

Webinar - Date Change

Due to a campus wide network outage at Purdue University, HUBzero is postponing the [Courses Webinar](#) and rescheduling it for [next Thursday, June 2nd at 2:00pm EDT](#).

The **previous MCRN website** is no longer available online. All its content was moved to the [MCRN Hub](#), and page copies included in [Archives](#).

To access content, [log in first](#), then [use tags](#) and/or "Search" at the top of every page. *If you do not log in first, you will only find content that is publicly available, rather than all the material protected in the groups and projects.*

To gain more access to groups of interest, simply request membership and one of the group leaders will respond.
